6th ANNUAL "COTTON PATCH" 8 MILE & 3 MILE RUNS

Saturday, February 11, 1978 10:00 a.m., Brownfield, Texas

For the first time in about three years, someone at the North Pole forgot to open the door and let the wind out for this race. Although the temperature was a little nippy, the runners responded to the relative calm and with some outstanding times. Larry Sims of Amarillo was the overall winner in 42:14, which broke Kevin Shaw's three year old course record. Fifteen year old Carlos Ybarra trimmed 2:43 off of the old high school record with a 42:54 clocking. As a matter of fact, the first three high school finishers, none of whom was older than 16, were all under the old high school record. The old destroyer, Tom Mayfield, managed to stick another 30-39 course record in his pocket as his 45:41 lopped 0:59 from the old age group record. It looks like next year, when Tom Turns 40, we will be rewriting all of the 40-49 age group records.

The 3 mile run also saw the course record fall as Robert Wilson's 15:05 lowered the standard by 0:29. Joel Thompson's fine 15:21 effort also set a new club member's mark. Gaylene Caddell of Lubbock also continued her assault on the Ladies Division records as her time of 22:00 tumbled the old standard of 22:42 which had stood since 1974.

The heavy fog early in the race made things quite interesting. If a runner moved ahead by a couple of hundred yards he was swallowed up by the soup. Things could have become complicated if it had been a confusing course.

CORRECTION IN PALO DURO 4-MILE RESULTS

Ray Chaffee of Fritch, Texas, was incorrectly listed last month as having not finished the Palo Duro Canyon 4 mile run. Ray did finish the event in a time of 31:15 and placed 59th.

Also, Norbert Cannon of Amarillo who placed 49th with a time of 21:14 was inadvertently listed as "Robert" Cannon.

This would be a good time to remind everyone that two ways you can help us avoid mistakes are:

1. Please print when registering. Your handwriting may be perfectly clear to you, but it isn't always so to someone else.
2. Put 4 pins in your numbers (not 3 or 2), so they will not have a portion of the number flap across the rest of it. Also do not try to think of original places to hide your number. In the middle of your chest, while trite, is where the officials look for it. Also, if you take off and discard the garment bearing your number during the race, or put another garment on over the number during the race, not even Jeanne Dixon is going to know who you are or where you finished.

MISSING NUMBERS

Please return numbers. It takes mucho work and time and is a real pain in the seat cushion to make new ones.

- Robert Shcooler #57
- Herbert Perez #89
- Bert Torres #95
- Harold Stewart #98
- Larry Sims #94
