West Texas Running Club Event

13 Mile and 2 Mile Runs, Saturday November 11, 1978
 10:00 a.m., Buffalo Springs Lake, Lubbock, Texas
 Temperature 35°, overcast & misting

On a day that would have given a polar bear goosepimples (bear pimples?), John Bednarski sped to an easy win in the 13 mile event. The lack of a real push may have prevented him from breaking the course record, however, as his time of 1:08:39 was 13 seconds over the course record. This particular record was set by Dan Clark in 1974 and has withstood all challenges since then. It represents the highest performance point level (854.1) ever turned in during a club race. John's effort represented an 846.2 point level and is the highest ever turned in by an active club member.

A loud cheer was heard from the 30-39 age group runners when it was announced that Tom Mayfield had run his last club race in that age group. He moves into the 40-49 group on December 5th. It should be noted that an equal number of groans was heard from that group when the announcement was made. Unlucky Tom misses by 3 days of being able to qualify as a 40-49 year old in the White Rock Marathon. We should be seeing some interesting duels in the future between Tom and Dale Thompson.

It was gratifying to see seven female runners enter and complete the grueling 13 Mile Run.

The 50 & Over group gained a new runner also as Charles Russell ran his first race as a 50 year old. The running club is probably the only place where you can find people eagerly looking forward to turning over into their next decade to get away from some of their salty competition. Charlie felt so good about it that he celebrated by taking home a trophy.

Kip Teyba led the pack home in the 2 mile; although, his winning time of 10:43 was well off the course record. Carol Tylka's time of 13:09 was good enough for a new club member's course record in the ladies division. Caylene Caddell, the previous record holder, passed up the two mile to enter and win the ladies 13 Mile Run.

Most people would never attempt to run 13.1 miles in competition. It takes courage to enter a race like the Half Marathon. It takes stamina to run as far as you can as fast as you can. And when you're running 13.1 miles, you learn something about yourself—you learn what you're made of. Yesterday, several hundred people ran in the Dallas White Rock Half Marathon. Sponsored by Southwestern Life and KOAX-FM. If you were one of them, it didn't matter if you came in first, or second, or even if you finished. What did matter was that you did something many people will never do. You tested yourself. You tried.

* Of approximately 10,000 starters, 8772 finished
 ** 4th in age group
 *** First marathon run
 **** Weather: Start, 57 degrees, 75% humidity
 At 3 hrs., 30 min., 73 degrees, 48% humidity
 Wind, west at 4-7 mph

Thanks to Bill Mueller for the above results.

Everyone seemed to have fun on this trip; therefore, we're looking into the possibility of organizing a trip to Boston in April.

TAITE SCORES MAJOR RECORD-SETTING VICTORY

While most area runners were struggling with the 1/2 marathon, Ralph Taite was smashing the opposition in the SMU Homecoming Alumni Fun Run. Ralph's sparking 22:20 time set the record for the 4 mile race. Laying back in the early going, Ralph picked off younger leaders one by one. When he moved into first place at the 1½ mile point, Taite began punishing all pretenders by using his familiar strategy of "burning them in the middle" of the race. Like Rodgers in New York, Taite had run away from the rest of the field when he finished in front of the crowd at Ownby Stadium. He didn't even kick. The winner's trophy was reported to be almost as tall as the winner.
