It was hard to believe it was an August morning at race time, due to the unseasonably cool temperatures. The result was a perfect day for running, however, and it was greatly appreciated by all of the runners. John Bednarski, who had been sick, recovered enough to buzz home in first place, although he was well off of his club member's course record. There must be something in the water at Coahoma, as Sherill Easterling and Don Webb, both of that metropolis, set new records in the Ladies and 50 & Over divisions respectively. Maybe they could bring some with them for us slopokes.

Tom Boyle was on his way to a good time until he got within about 100 yards of the finish line, at which point he demonstrated his carbohydrate unloading technique as he was forced to part company with his breakfast. After a rather lengthy series of goodbyes to some he managed to stagger in, meanwhile having been passed by a regiment of hard-eyed finishers who showed no mercy. Too bad Tom, but just because Shorter has a pre-race meal of pizza, twinkies and beer doesn't mean it's good for everyone!

We are really sorry that we could not play back the video tape of the finish for everyone to see. Unfortunately the people who had the party house reserved refused to let us plug in an extension cord for the T.V. as we had planned. We viewed the tape after the race and it is of excellent quality, in color and showing every finisher. We still have the tape, and maybe we can show it at one of the other races.

in a TAAF track meet in Odessa, Swoone turned in a 58.6 400 meter run for a world record in that event, and one which he has been trying for for sometime. A 58.6 is not shabby for any age group.

Jack Petty Wins Gold in Mexico City

As the climax to a great season, Jack Petty traveled to Mexico City as a member of the Texas Track Club and on Sunday, August 5th, ran on the first place 4 x 800 meter relay team. Jack's individual leg was 1:59.1 and he reports that they led all the way. After this event, Jack came back after 40 minutes rest to run a 3/4 mile leg on the distance medley relay team, and turned in a 3:11 (53-64-53) despite being dead tired.

Jack also ran in the open 1500 meter run on Saturday, the previous day and finished 9th in 4:19. Jack reports that after a relatively slow 200 meters (2:14) he picked it up and moved into third with a 59 second third lap. However, a sudden downpour in the middle of the race tightened up his legs, and this, plus the lack of oxygen at 7500', caused him to fade.

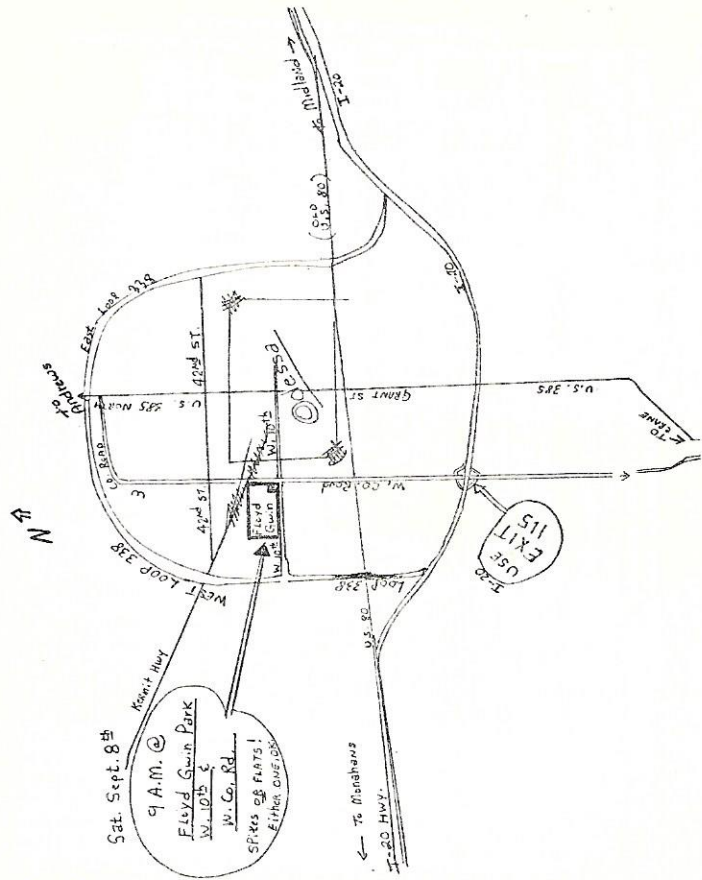

DeLuccio Races in Wisconsin

On a cool and rainy June 10th, while on vacation in Wisconsin, Dennis DeLuccio turned in a time of 38:33 in the Bellin Memorial 10 kilometer run in Green Bay. This time was good for 212th place out of a field of 1300 runners. Gary Bjorkland, the overall winner, was about nine minutes ahead with a time of 29:24.

RUN, SWIM A BIATHALON??

During an August vacation in Connecticut, the annual Middletown, Connecticut, Run-Swim Biathlon was being publicized. This event has a five year history. The road distance is 3.8 miles followed by lake swimming for 1/2 mile. I decided to enter because I once was a college varsity distance swimmer.

On race day I found that the event was widely known because run-swimmers had come from Massachusetts, Rhode Island, New York, New Jersey, (and Texas!). There were several teams of life guards who looked especially big and strong, and lots of pretty college coeds, in addition to men and women of all ages.

I had my swim goggles in my hand during the run and would throw my shoes and socks to my support crew (father-in-law) on the beach at the start of the swim.

The race start was breathtaking because of many college varsity cross country runners who really charged out. I was farther back at one mile than I expected, but that didn't make me immune to being passed as I ran the hills (!) of the course.

The swim had surprising challenges because without the clear water and bottom stripes of a pool, it is difficult to swim straight and keep properly oriented. Additionally, being crowded and hit by other swimmers was common.

I finished satisfied with my effort in a time of 40:12. I was 34th out of 160, and 4th in age group as the first three received trophies.

Miles For MS

Runners can win prizes in a "fun" run and also help a charity on September 29th. On that Saturday at 10 A. M. the South Plains Chapter of the National Multiple Sclerosis Society (along with Budweiser) is sponsoring a "Miles for MS" charity run in Lubbock. The entry form is included in this newsletter. Runners are urged to participate by finding sponsors to agree to give at least \$.25 per mile for the total distance run. Then come to Maxey Park in Lubbock, receive a T shirt, run, and earn merchant-donated prizes and awards, and refreshments.

The year has gone quickly by and this is now the last issue of the newsletter on your current membership. We sincerely hope that you will want to renew your membership. As you know, we are the only organization in West Texas sponsoring regular year-long competition for runners of all ages and both sexes. We need and appreciate your continuing support since we are very definitely a non-profit organization. Dues are still \$5.00 per year(\$3.00 for high school and younger) and may be mailed to:
