SECOND ANNUAL LEVELLAND LOPE

Saturday, June 6, 1981

Bobby Birdsong and his unsung assistants staged two especially well organized races on this hot and very humid morning. In the 5 kilometer race which was contested by thirty-eight participants, Stan Leech (Brownfield) won over John Bamforth (Portales, N.M.) by eight seconds with a 17:07. Third overall and winner in record time (17:37) in the 30-39 Division was Mark Scheid (Houston). Robert Guajardo (Levelland), second in the same division, ran nearly two minutes faster than last year, and broke his club member's record with a quick 17:56.

The High School Division was captured by Robert Hensley (Lubbock) while eleven year old John Fairbanks (Lubbock) set a new mark in the 15 & Under Division in 22:24. James Morris, who used to live in Brownfield but now lists Athletic Attic as his home town, took top honors in the 40 and Over Division.

Mindee Mayfield (Lubbock) ran away and hid to take the Girls 24 & Under category in a record setting 19:22. The Ladies Division was also won in record setting time. Becky Munden (Lubbock) broke the old mark by more than three minutes in posting a 24:49.

Three marks were established in the 10 kilometer race as Wilson Kigen (Levelland) cruised to the finish line in a very swift 32:22. In winning, Kigen broke Steve Stallings' mark by 39 seconds. Quinn Smith (Lovington, N.M.) also broke the old record with a 32:39. Cliff McCurdy (Lubbock) captured third.

The 40-49 Division was won by Bobby Cunningham (Abernathy) who took fifth overall. He ran the course in 35:21 and knocked nearly two minutes off his old mark in the process. Gary Schovajsa (Amherst) placed sixth overall and captured the 30-39 Division. Don Sanderson (Tulia) broke the 50 and Over Division record in 39:32, and the High School and Under Division was won by Mike Korsmo (Amarillo) in 37:45.

In the Ladies Division, Brenda Moore (Amarillo) edged Ann Gordhammer (Lubbock) by nine seconds to win in 47:41.

Let's have a big turn out for festivities on July 4th in Brownfield. Boost attendance by bringing along a friend.

"THE WINNER'S CIRCLE"

Featured Runner of the Month

NAME: Quinn Smith      AGE: 21      HEIGHT: 6 feet      WEIGHT: 155

WTRC Members have noticed a new face among the front runners in 1981.

Quinn Smith, out of Lovington, New Mexico, has finished 1st or 2nd in all his races this year. His condition and his times are improving as demonstrated by his 10,000 M P.R. of 31:37 at Odessa in May.

Quinn began running in high school where he posted times of 52.8 (440), 1:59 (880), 4:32 (mile), and 10:11 (2 mile). While at Lovington High School, he was also named the outstanding athlete of 1977. New Mexico Junior College was Quinn's first college. There he cut his times to 1:57, 4:23, 9:56, and added a 15:17 3 mile. After a year off, he went up to Barton County Community College in Kansas where he further reduced his times. He set a school record of 8:47 (3,000 M) to go with P.R.'s of 50.7, 1:56, 3:56 (1500), 4:19, 9:27 and 14:36.

His next stop was at Central State in Edmond, Oklahoma. Times there included cross-country and road marks of 26:43 (5 miles) and 54:48 (10 miles). He still has 2 years of eligibility left under N.A.I.A. rules and possibly will enroll at Lubbock Christian College in the fall of 1982.

His schedule calls for about 90 miles a week along these lines:

Monday - Saturday a.m. - 5 miles (6:30 pace)  
Tuesday, Wednesday, Friday, Saturday p.m. - 9 miles (sub-6:30)  
Monday p.m. - 220 intervals (30 - 32 seconds)  
Thursday p.m. - 1 mile, 440 intervals (4:48, 63)  
Sunday a.m. - 880 intervals (2:16 - 2:23) p.m. - 8 miles (6:30)

In December he will begin implementing some mile pace work. By April all intervals will be at 62 pace (4:08 mile). May will bring about tapering and sharpening up work.

Quinn lifts weights to supplement his running. He believes in getting plenty of sleep to keep up a high training level. Future goals are to improve his running and his Christian life. Quinn really loves running but notes that running can't save lives, but Jesus Christ can. Look for Quinn to be successful in both areas.

4TH OF JULY PICNIC

Don't forget that it's customary to bring or buy your lunch, and adjourn to Coleman Park following the race and awards presentation to mingle with your fellow club members. It's an excellent opportunity to become better acquainted, tell war stories, lie to your competition about how little you've been training, etc. Although you'll have to provide your own lunches, there will be some cold watermelon and various types of liquid refreshment available.

Mark Scheid of Houston, winner of the 30-39 Division in the Levelland 5K, invites all West Texas Running Club Members to get in touch with him if they are in the Houston area. He will give them information on running and racing around Houston. His address: Mark Scheid, 6534 Rutgers, Houston, Texas 77005.

In reporting the results of the Andrews race held on April 5, we accidentally omitted one of our club members.

Chuck McKnight won the Men's 50 and Over division in the 5 mile contest with a 34:32 (6:53 per mile). He was 17th overall.

In last month's newsletter, we mentioned that Hugh Haynes had a pair of New Balance 730's for sale (size 10, \$45). Unfortunately, we listed the phone number incorrectly. Hugh still has the shoes for sale and the correct number is 795-6417.

At the Golden Yucca 8.6 Mile race in Hobbs, New Mexico on April 25th, club member Linda Pollard picked up a 2nd place trophy in the Women's 37 & Over Division with a 1:13:44. Linda finished 29th overall.

Linda, who obviously has been very active lately, also captured a 3rd place in the 30-39 division at the "Run In The Sun" 8,000 meter run in San Angelo on June 6th. Linda's time was a very good 40:08.

Newsnotes - according to a tabulation in "Michigan Runner", 27 Michigan residents held national age records as of 1 Jan 81, for a total of 54 records... Stormi-Ann Gutsch holds eleven and Mara Matuszak holds seven of these records... Jim O'Neill holds the top six marks of all-time in the 55-59 age group at 10km, and all of these marks were recorded in the last four months of 1980... oldest marks leading a marathon age group in the all-time rankings are Jim McDonagh's two top marks in the 45-49 age group, a 2:28:49 in 1970 and a 2:29:07 in 1969... the effect of one downhill, windy race is brought out dramatically in a comparison of the 30km rankings for 1979 and 1980... in 1979 it took 1:47:27 to rank 100th on the men's list, with the vast majority of those in the top 100 getting their best mark in the Bankathon at Albany, NY... in 1980, with the Albany race not certified, a time 1:57:56 was good enough for 100th place... in the four run, Clive Davies holds the top three marks of all-time in the 60-64 age group, Norman Bright the top three in the 65-69 group and Ray Sears the top three for 70-79... unlike some statistics compilers, the NRDC doesn't assign a mark at a longer distance to be a record at a shorter distance, except in the case of a few metric and English distances which are almost the same... if we did, Mavis Lindgren's 4:41:19 age 73 marathon record would stand as the record for 10km, and if it had been on the track, for 100 meters as well... no women's marks for 70+ or men's marks for 80+ have yet been recorded for the 15km, although marks for each of these age groups have been recorded at 20km... look through the lists of races included in the rankings in the current edition of "U. S. Distance Rankings", and notice the number of races where the "have" column doesn't equal the "total" column, and the number with "no" in the ages and towns columns... these are races for which results weren't complete, and thus deserving runners may not have been properly credited with their marks, or their city or state may not have gotten credit for their performance... the 1980 rankings reveal dramatic improvement in the older age groups in many events... tenth place in the 10km dropped from 35:47 to 35:01 for men 45-49 and from 40:05 to 38:42 for men 55-59... it dropped from 42:05 to 41:04 for women 45-49... on the other hand, it stayed the same at 31:08 for men 16-19 and went up from 32:10 to 32:23 for men 35-39.

"RUNNING IN YOUR DIRECTION"

We would like to compile a listing of the best marathon times for all club members, and publish the listing in a future newsletter. In order to do so, we are publishing a form for member's to use to furnish the necessary information. If we receive a fair number of responses (club member's are notoriously bad about responding to anything) we would like to keep a permanent all-time club members ranking and update it each Summer when the marathon season is over.

NAME \_\_\_\_\_  
 NAME of Best Marathon Run \_\_\_\_\_  
 Date \_\_\_\_\_  
 Marathon Time \_\_\_\_\_  
 Age when run \_\_\_\_\_  
 MALE \_\_\_\_\_ FEMALE \_\_\_\_\_ OTHER \_\_\_\_\_

You may use the above form, or, if you don't want to tear up your newsletter, you may send the above information in on another sheet of paper.

SEND TO: GENE ADAMS  
 ROUTE 1  
 BROWNFIELD, TEXAS 79316

PLEASE HAVE THE DATA SUBMITTED BY AUGUST 1, 1981 SO THAT WE CAN PUBLISH THE LISTING IN THE AUGUST NEWSLETTER
